**REPORT OF AUDIT OF FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

## **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the Township Council  
Township of Cherry Hill  
Cherry Hill, New Jersey 08002

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Township of Cherry Hill, in the County of Camden, State of New Jersey, as of June 30, 2025 and 2024, and the related statements of operations and changes in reserve for future use and fund balance - regulatory basis for the fiscal years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed asset group of accounts - regulatory basis for the fiscal year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

#### ***Unmodified Opinions on Regulatory Basis of Accounting***

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Township of Cherry Hill, in the County of Camden, State of New Jersey, as of June 30, 2025 and 2024, and the results of its operations and changes in reserve for future use and fund balance - regulatory basis of such funds for the fiscal years then ended, and the revenues - regulatory basis and expenditures - regulatory basis of the various funds, and general fixed asset group of accounts - regulatory basis, for the fiscal year ended June 30, 2025, in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in note 1.

#### ***Adverse Opinion on Accounting Principles Generally Accepted in the United States of America***

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America* section of our report, the accompanying financial statements referred to above do not present fairly the financial position of the Township of Cherry Hill, in the County of Camden, State of New Jersey, as of June 30, 2025 and 2024, or the results of its operations and changes in reserve for future use and fund balance for the fiscal years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions on Regulatory Basis of Accounting***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Township and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America***

As described in note 1 to the financial statements, the financial statements are prepared by the Township on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

***Emphasis of Matter******Change in Accounting Principle***

As discussed in note 1 to the financial statements, during the year ended June 30, 2025, the Township adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*. The adoption of this new accounting principle resulted in an updated measurement of compensated absences in accordance with the Statement (note 12). As a result of the regulatory basis of accounting, described in the previous paragraph, the implementation of this Statement only impacted financial statement disclosures. Our opinions are not modified with respect to this matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

***Auditor's Responsibilities for the Audit of the Financial Statements (Cont'd)***

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The accompanying supplemental statements and schedules presented for the various funds, as listed in the table of contents, are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and State of New Jersey Circular 25-12-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, and are also not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplemental statements and schedules, and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2025 on our consideration of the Township of Cherry Hill's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township of Cherry Hill's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Cherry Hill's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the Township Council  
Township of Cherry Hill  
Cherry Hill, New Jersey 08002

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial statement audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, of the Township of Cherry Hill, in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated December 30, 2025. That report indicated that the Township of Cherry Hill's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Also, our report on the financial statements included an emphasis of matter paragraph describing the adoption of a new accounting principle.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Township’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and federal and state awarding agencies and pass-through entities, in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**TOWNSHIP OF CHERRY HILL**  
Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2025

---

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Description of Financial Reporting Entity** - The Township of Cherry Hill (hereafter referred to as the "Township") was incorporated as Delaware Township in 1844 and changed its name to Cherry Hill in 1961. It is located approximately ten miles east of the City of Philadelphia, PA. The population according to the 2020 census was 74,553.

The Township has a Mayor-Council form of government known as the Mayor-Council Plan A under the Optional Municipal Charter Law of 1960, popularly known as the Faulkner Act. The Mayor is separately elected. Executive and administrative responsibility rests with the Mayor, who is assisted by the Business Administrator and Township Clerk.

**Component Units** - The financial statements of the component units of the Township are not presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended. If the provisions of the aforementioned GASB Statement, as amended had been complied with, the financial statements of the following component units would have been either blended or discretely presented with the financial statements of the Township, the primary government:

Cherry Hill Public Library  
1100 North Kings Highway  
Cherry Hill, New Jersey 08034

The Library's financial statements are presented as a trust fund in the Township's financial statements in accordance with the provisions of N.J.A.C. 15:21-12.4 utilizing the same basis of accounting as the Township.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation** - The financial statements of the Township contain all funds and account groups in accordance with the *Requirements of Audit* (the "Requirements") as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the *Requirements* are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these *Requirements*. In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this note.

In accordance with the *Requirements*, the Township accounts for its financial transactions through the use of separate funds and an account group which are described as follows:

**Current Fund** - The current fund accounts for resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

**Trust Funds** - The various trust funds account for receipts, custodianship, and disbursement of funds in accordance with the purpose for which each reserve was created.

**General Capital Fund** - The general capital fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the current fund.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)** - In accordance with the *Requirements*, the Township accounts for its financial transactions through the use of separate funds and an account group which are described as follows (cont'd):

**Sewer Utility Operating and Capital Funds** - The sewer utility operating and capital funds account for the operations and acquisition of capital facilities of the municipally owned sewer operations.

**General Fixed Asset Group of Accounts** - The general fixed asset group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other governmental funds.

**Budgets and Budgetary Accounting** - The Township must adopt an annual budget for its current, municipal open space, library and sewer utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than August 10 of each fiscal year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval, and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

**Cash, Cash Equivalents and Investments** - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost; therefore, unrealized gains or losses on investments have not been recorded.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the Township requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Interfunds** - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the fiscal year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

**Inventories of Supplies** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

**General Fixed Assets** - Accounting for governmental fixed assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and *Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (2 CFR Part 225), except that the useful life of such property is at least five years. The Township has adopted a capitalization threshold of \$5,000.00, the maximum amount allowed by the Uniform Guidance. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The Township is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed asset group of accounts, reflecting the activity for the year, must be included in the Township's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that include accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

**Utility Fixed Assets** - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment, improvements, and contributed capital.

**Foreclosed Property** - Foreclosed property is recorded in the current fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason, the value of foreclosed property has not been included in the general fixed asset group of accounts. If such property is converted to a municipal use, it will be recorded in the general fixed asset group of accounts.

**Deferred Charges** - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding fiscal years.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Liens Sold for Other Governmental Units** - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

**Fund Balance** - Fund balances included in the current fund, trust library fund, general capital fund and sewer utility operating fund represent amounts available for anticipation as revenue in future fiscal years' budgets, with certain restrictions.

**Revenues** - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from federal and state grants is realized when anticipated as such in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Township's current fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

**Property Tax Revenues** - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the County of Camden, the Township of Cherry Hill School District and the Township of Cherry Hill Fire District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

**School Taxes** - The Township is responsible for levying, collecting, and remitting school taxes for the Township of Cherry Hill School District. Operations is charged for the full amount required to be raised from taxation to operate the local school district for the period from July 1, 2024 to June 30, 2025.

**County Taxes** - The municipality is responsible for levying, collecting, and remitting county taxes for the County of Camden. County taxes are determined on a calendar year by the County Board of Taxation based upon the ratables required to be certified to them on January 10 of each year. In municipalities that which operate on a fiscal year (i.e. July 1 - June 30), operations is charged for the full amount of taxes required to be paid during the calendar year 2024 less one-half of the calendar year 2023 taxes, plus one-half of the full amount of taxes required to be paid during 2025. In addition, operations is charged for the County share of added and omitted taxes certified to the County Board of Taxation by October 10 of the current year, and due to be paid to the County by February 15 of the following year.

**Fire District Taxes** - The municipality is responsible for levying, collecting, and remitting fire district taxes for the Township of Cherry Hill Fire District. In accordance with N.J.S.A. 40A:14-79, operations is charged for 50.00% of the full amount required to be raised by taxation for 2024 and 50.00% for 2025.

**Library Taxes** - The municipality is responsible for levying, collecting and remitting library taxes for the Cherry Hill Public Library. The amount of the library tax is a separate local levy tax and is remitted to the Library through the municipal budget.

**Reserve for Uncollected Taxes** - The inclusion of the "reserve for uncollected taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediately preceding fiscal year, with certain exceptions, is required to provide assurance that cash collected in the current fiscal year will provide sufficient cash flow to meet expected obligations.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Expenditures** - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At June 30, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

**Appropriation Reserves** - Appropriation reserves covering unexpended appropriation balances are automatically created at fiscal year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding fiscal year, to meet specific claims, commitments, or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

**Long-Term Debt** - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital and utility capital funds. Where an improvement is a "local improvement", i.e., assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the trust fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

**Compensated Absences and Postemployment Benefits** - Compensated absences for paid time off (PTO), sick leave, vacation leave, compensatory time, and certain types of sabbatical leave, and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

**Impact of Recently Issued Accounting Principles****Recently Issued and Adopted Accounting Pronouncements**

The Township implemented the following GASB Statement for the fiscal year ended June 30, 2025:

Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. As a result of the regulatory basis of accounting previously described in note 1, the implementation of this Statement only impacted financial statement disclosures. There exists no impact on the financial statements of the Township.

Because of the implementation of GASB Statement No. 101, the Township has updated the measurement of compensated absences in accordance with the Statement (note 12).

**Note 2: CASH AND CASH EQUIVALENTS**

**Custodial Credit Risk Related to Deposits** - Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits might not be recovered. Although the Township does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of June 30, 2025, the Township's bank balances of \$78,114,703.11 were exposed to custodial credit risk as follows:

Insured by FDIC and GUDPA	\$ 76,694,984.55
Uninsured and Uncollateralized	<u>1,419,718.56</u>
Total	<u><u>\$ 78,114,703.11</u></u>

**Note 3: INVESTMENTS**

New Jersey municipal units are limited as to the types of investments and types of financial institutions they may invest in. N.J.S.A. 40A:5-15.1 provides a list of permissible investments that may be purchased by New Jersey municipal units.

These permissible investments generally include bonds or other obligations of the United States of America or obligations guaranteed by the United States of America; government money market mutual funds; any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress; bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located; bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Local Government Services in the Department of Community Affairs for investment by local units; local government investment pools; deposits with the State of New Jersey Cash Management Fund; and agreements for the purchase of fully collateralized securities with certain provisions. The Township has no investment policy that would further limit its investment choices.

**Custodial Credit Risk Related to Investments** - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Township will not be able to recover the value of its investments or collateral securities that are in possession of an outside party if the counterparty to the transactions fails. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Township has no investment policy to limit its exposure to custodial credit risk. As of June 30, 2025, the Township's investments were exposed to custodial credit risk as follows:

Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the Township's name	<u><u>\$ 1,550,334.51</u></u>
---	-------------------------------

**Note 3: INVESTMENTS (CONT'D)**

**Custodial Credit Risk Related to Investments (Cont'd)** - As of June 30, 2025, the Township had the following investments:

<u>Investment</u>	<u>Weighted Average Days to Maturity</u>	<u>Fair Value Hierarchy Level *</u>	<u>Fair Value</u>
Money Market Mutual Fund	Daily	Level 1	<u>\$ 1,550,334.51</u>

- \* Level 1 inputs are quoted (unadjusted) prices in active markets for identical assets that the government can access at the measurement date. Observable markets include exchange markets, dealer markets, brokered markets and principal-to-principal markets.
- \* Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. These inputs are derived from or corroborated by observable market data through correlation.
- \* Level 3 inputs are unobservable inputs for the asset; they should be used only when the relevant Level 1 and Level 2 inputs are unavailable.

**Interest Rate Risk** - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Township does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk** - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. As stated in note 1, investments are purchased in accordance with N.J.S.A. 40A:5-15.1. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Township has no investment policy that would further limit its exposure to credit risk. As of June 30, 2024, the Township's investments had the following ratings:

<u>Investment</u>	<u>Standard &amp; Poor's</u>	<u>Moody's</u>
Money Market Mutual Fund	AAAm	Not Rated

**Concentration of Credit Risk** - Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Other than the rules and regulations promulgated by N.J.S.A. 18A:20-37, the Township's investment policies place no limit on the amount the Township may invest in any one issuer. As of June 30, 2025, 100.00% of the Township's investments were with the New Jersey Asset & Rebate Management Program with 100.00% invested in a Money Market Mutual Fund.

**Note 7: LEASES RECEIVABLE**

The Township, as lessor, has entered into the following leases which meet the requirements of GASB Statement No. 87, *Leases*:

**Cell Towers Leases** - On December 1, 2018, the Township entered into a five-year lease agreement with New Cingular Wireless PCS, LLC, for the lease of cell towers with options to extend the agreement through December 31, 2048. The terms of the agreement include a fixed monthly payment increasing every five years.

On July 26, 2007, the Township entered into a lease agreement with T-Mobile for the lease of a cell tower. The initial lease agreement was for a term of fifteen years, during which ownership of the property was transferred to the Township, upon which, on March 11, 2010, rent was abated for period of fifteen years (to March 2025), as verified the first lease amendment. The initial lease included options to extend the agreement through March 10, 2040. The terms of the agreement include a fixed monthly payment increasing annually.

Under the provisions of GASB 87, as of June 30, 2025, the balance of the leases receivable is \$1,066,686.80. As a result of the regulatory basis of accounting previously described in note 1, such balance is not recorded on the Statements of Assets, Liabilities, Reserves and Fund Balance - Regulatory Basis of the current fund.

The following is a summary of the leases as of June 30, 2025:

<u>Lease Description</u>	<u>Lease Receivable</u>	<u>Lease Revenue</u>	<u>Lease Interest Revenue</u>
Cell Towers	<u>\$ 1,066,686.80</u>	<u>\$ 11,658.60</u>	<u>\$ 30,674.89</u>

Under the provisions of GASB 87, for the fiscal year ended June 30, 2025, the Township would have recognized \$11,658.60 in a reduction of lease receivable and \$30,674.89 in interest revenue related to the leases. In addition, \$31,730.48 would have been recognized as both lease revenue and a reduction in deferred inflows of resources related to leases.

As a result of the regulatory basis of accounting previously described in note 1, the rental payments collected of \$45,110.74 were reported as revenue in the current fund.

**Note 10: PENSION PLANS**

A substantial number of the Township's employees participate in one of the following defined benefit pension plans: the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"), which are administered by the New Jersey Division of Pensions and Benefits. In addition, several Township employees participate in the Defined Contribution Retirement Program ("DCRP"), which is a defined contribution pension plan. This Plan is administered by Empower for the New Jersey Division of Pensions and Benefits. Each Plan has a Board of Trustees that is primarily responsible for its administration. As a local participation employer of these pension plans, the Township is referred to as "Employer" throughout this note. The Division issues a publicly available financial report that includes financial statements, required supplementary information and detailed information about the PERS and PFRS plans' fiduciary net position which can be obtained by writing to or at the following website:

**Contributions**

**Public Employees' Retirement System** - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate is currently 7.50% of base salary, effective July 1, 2018. The rate for members who are eligible for the Prosecutors Part of PERS (P.L. 2001, C. 366) is 10.0%. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

*Special Funding Situation Component* - Under N.J.S.A. 43:15A, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. One of such legislations, which legally obligate the State, is Chapter 133, P.L. 2001. This legislation increased the accrual rate from 1/60 to 1/55. In addition, it lowered the age required for a veteran benefit equal to 1/55 of highest 12-month compensation for each year of service from 60 to 55. Chapter 133, P.L. 2001 also established the Benefit Enhancement Fund (BEF) to fund the additional annual employer normal contribution due to the State's increased benefits. If the assets in the BEF are insufficient to cover the normal contribution for the increased benefits for a valuation period, the State will pay such amount for both the State and local employers.

**Note 10: PENSION PLANS (CONT'D)****General Information about the Pension Plans (Cont'd)****Contributions (Cont'd)**

Since the local participating employers do not contribute under this legislation directly to the Plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

**Pension Liability** – As of June 30, 2025, there is no net pension liability associated with the special funding situation under Chapter 133, P.L. 2001, as there was no accumulated difference between the annual additional normal cost and the actual State contribution through the valuation date. These amounts were based on the April 1, 2026 contractually required contribution, prorated from the pension plans' measurement date of June 30, 2024 to the Employer's fiscal year end of June 30, 2025.

**Actuarial Assumptions**

The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2024. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<b><u>PERS</u></b>	<b><u>PFRS</u></b>

**Note 10: PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)****Public Employees' Retirement System**

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

**Police and Firemen's Retirement System**

Employee mortality rates were based on the Pub-2010 Safety Employee amount-weighted mortality table (sex-specific) projected generationally from 2010 with Scale MP-2021 mortality projection. For healthy annuitants, mortality rates were based on the Pub-2010 Safety Retiree Below Median amount-weighted mortality table (sex-specific), projected generationally from 2010 with Scale MP-2021 mortality projection. Disability rates were 144% of the Pub-2010 Safety Disabled Retiree amount-weighted mortality table for males and 100% of the Pub-2010 Safety Disabled Retiree amount-weighted mortality table for females, projected generationally from 2010 with Scale MP-2021 mortality projection.

For both PERS and PFRS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at June 30, 2024) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS' and PFRS' target asset allocation as of June 30, 2024 are summarized in the table that follows:

**Note 10: PENSION PLANS (CONT'D)**

**Actuarial Assumptions (Cont'd)**

**Discount Rate** - For both PERS and PFRS, the discount rate used to measure the total pension liability was 7.00% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity would be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments to determine the total pension liability.

**Sensitivity of Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

**Public Employees' Retirement System (PERS)** - The following presents the Employer's proportionate share of the net pension liability as of the June 30, 2024 measurement date, calculated using a discount rate of 7.00%, as well as what the Employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	<b>1% Decrease <u>(6.00%)</u></b>	<b>Current Discount Rate <u>(7.00%)</u></b>	<b>1% Increase <u>(8.00%)</u></b>
Township's Proportionate Share of the Net Pension Liability	<u>\$ 28,695,098.00</u>	<u>\$ 21,595,491.00</u>	<u>\$ 15,553,764.00</u>

**Police and Firemen's Retirement System (PFRS)** - As previously mentioned, PFRS has a special funding situation, where the State of New Jersey pays a portion of the Employer's annual required contribution. As such, the net pension liability as of the June 30, 2024 measurement date, for the Employer and the State of New Jersey, calculated using a discount rate of 7.00%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used, is as follows:

	<b>1% Decrease <u>(6.00%)</u></b>	<b>Current Discount Rate <u>(7.00%)</u></b>	<b>1% Increase <u>(8.00%)</u></b>
Township's Proportionate Share of the Net Pension Liability	\$ 58,730,635.00	\$ 41,108,692.00	\$ 26,427,651.00

	<u>\$ 70,309,254.00</u>	<u>\$ 49,213,183.00</u>	<u>\$ 31,637,806.00</u>

**Note 10: PENSION PLANS (CONT'D)****Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension (benefit) expense, information about the respective fiduciary net position of the PERS and PFRS and additions to/deductions from PERS and PFRS' respective fiduciary net position have been determined on the same basis as they are reported by PERS and PFRS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Supplementary Pension Information**

**TOWNSHIP OF CHERRY HILL POSTEMPLOYMENT HEALTH BENEFIT PLAN**

**Plan Description** - The Township provides certain medical and dental benefits for retired employees through a single-employer plan, where such benefits are established and amended by various union contracts, separate employee agreements and Township policies.

The Township's defined benefit postemployment healthcare plan, the Cherry Hill Township Postemployment Benefits Plan (the "Township Plan"), provides OPEB for partial payment of retired employees' dental coverage until the retiree is eligible for Medicare benefits at age 65. The Township Plan is not administered through a trust that meets the criteria in paragraph 4 of the GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits other than Pensions. The retired employee has a choice of dental plans based on union contracts. The plans are administered by the Township; therefore, premium payments are made directly by the Township to the insurance carriers. A few employees have separate agreements for full subsidized health insurance plans for an agreed upon number of years. The Township Plan does not issue a separate financial report.

**Benefits Provided** - Employees become eligible for retirement benefits based on having twenty-five (25) years of service with the Township. The Township will generally contribute 50% of the premiums for both individual and dependent coverage, up to a maximum of \$15,000.00 per year. Certain current retirees have different subsidies apply. The Township's policy is to contribute the current annual premium (net of employee contributions) for all retired participants.

**Employees Covered by Benefit Terms** - As of June 30, 2024, the most recent actuarial valuation date, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefit Payments	20
Active Employees	313
	333

**Total OPEB Liability**

**STATE HEALTH BENEFITS LOCAL GOVERNMENT RETIRED EMPLOYEES PLAN**

**General Information about the State Health Benefit Local Government Retired Employees Plan**

**Plan Description and Benefits Provided** - In the prior year, the Township participated in the State Health Benefits Program (SHBP) for purposes of GASB Statement No. 75 reporting. Effective January 1, 2024, the Township ceased participation in the SHBP and no longer contributes to the Plan. As a result, the Township no longer reports a proportionate share of the collective net OPEB liability. However, the State of New Jersey (the "State") continues to provide postemployment benefits to certain Township retirees and their dependents under a special funding situation as described below.

The State, on-behalf of the Township, contributes to the State Health Benefits Local Government Retired Employees Plan (the "Plan"), which is a cost-sharing multiple-employer defined benefit other postemployment benefit ("OPEB") plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the "State"), Division of Pensions and Benefits' (the "Division") annual financial statements, which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>. As a local participating employer of the Plan, the Township is referred to as "Employer" throughout this note.

**Note 11: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****STATE HEALTH BENEFITS LOCAL GOVERNMENT RETIRED EMPLOYEES PLAN (CONT'D)****General Information about the State Health Benefit Local Government Retired Employees Plan (Cont'd)**

**Plan Description and Benefits Provided (Cont'd)** – The Plan provides medical and prescription drug to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**Contributions** – As previously mentioned, effective January 1, 2024, the Township ceased participation in the SHBP and, therefore, no longer contributes to the Plan.

**Special Funding Situation Component** - The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1997. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis. Partially funded benefits are also available to local police officers and firefighters who retire with 25 years of service or on disability from an employer who does not provide coverage under the provisions of Chapter 330, P.L. 1997. Upon retirement, these individuals must enroll in the OPEB Plan.

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80% of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

**Note 11: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****STATE HEALTH BENEFITS LOCAL GOVERNMENT RETIRED EMPLOYEES PLAN (CONT'D)****General Information about the State Health Benefit Local Government Retired Employees Plan (Cont'd)**

**Special Funding Situation Component (Cont'd)** - Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer. The participating employer is required to disclose in their respective notes to the financial statements, an expense and corresponding revenue, and their proportionate share of the OPEB expense allocated to the State under the special funding situation.

The amount of actual contributions to the OPEB Plan made by the State, on-behalf of the Employer, is not known; however, under the special funding situation, the State's OPEB expense, on-behalf of the Employer, is \$(3,953,677.00) for the year ended June 30, 2024, representing -13.93% of the Employer's covered payroll.

**OPEB Liability, OPEB (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**

**OPEB Liability** - At June 30, 2025, the State's proportionate share of the net OPEB liability associated with the Employer was \$40,808,741.00. The net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2023, which was rolled forward to June 30, 2024.

The State's proportion of the net OPEB liability associated with the Employer was based on the ratio of the Plan members of an individual employer to the total members of the Plan's special funding situation during the measurement period July 1, 2023 through June 30, 2024. For the June 30, 2024 measurement date, the State's proportion on-behalf of the Employer was 0.836820%, which was an increase of 0.648889% from its proportion measured as of the June 30, 2023 measurement date.

**OPEB (Benefit) Expense** - At June 30, 2024, the Employer's proportionate share of the OPEB (benefit) expense, calculated by the Plan as of the June 30, 2024 measurement date, is \$661,307. This (benefit) expense is not recognized by the Employer because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the year ended June 30, 2025, the Employer made no contributions to the Plan.

**Note 11: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****STATE HEALTH BENEFITS LOCAL GOVERNMENT RETIRED EMPLOYEES PLAN (CONT'D)****OPEB Liability, OPEB (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources (Cont'd)**

The actuarial assumptions vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation as of July 1, 2023, which was rolled forward to June 30, 2024, used the following actuarial assumptions, applied to all periods in the measurement:

Salary Increases *	
PERS – Rates for all future years	2.75% to 6.55% based on years of service
PFRS – Rates for all future years	3.25% to 16.25% based on years of service
Mortality

Disabled Retiree – Other Current Retirees	
Pre-Retirement Healthy – PFRS	PUB-2010 “Safety” classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021
Post-Retirement Healthy – Chapter 330 Retirees	
Disabled Retiree – PFRS Future Retirees	
Disabled Retiree – Chapter 330 Retirees	

\* salary increases are based on years of service within the respective Plan.

Actuarial assumptions used in the valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2018 to June 30, 2021.

100% of active members are considered to participate in the Plan upon retirement.

All of the Plan’s investments are in the State of New Jersey Cash Management Fund (the “CMF”). The New Jersey Division of Investments manages the CMF, which is available on a voluntary basis for investment by State and certain non-State participants. The CMF is considered to be an investment trust fund as defined in GASB Statement No. 31, *Certain Investments and External Investment Pools*. The CMF invests in U.S. government and agency obligations, commercial paper, corporate obligations and certificates of deposit. Units of ownership in the CMF may be purchased or redeemed on any given business day (excluding State holidays) are the unit cost of value of \$1.00. Participant shares are valued on a fair value basis. The CMF pay interest to participants on a monthly basis.

**Discount Rate** - The discount rate used to measure the OPEB liability at June 30, 2024 was 3.93%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

**Note 12: COMPENSATED ABSENCES**

Township employees are entitled to receive payment for current year’s vacation and personal days upon termination of employment. Generally, such time cannot be carried over to the following year without the written consent of the Mayor.

Police personnel employed prior to 1987 are entitled to payment for accumulated sick leave after retirement in accordance with individual and union contracts. The Township does not record accrued expenses related to compensated absences. However, it is estimated that, at June 30, 2025, accrued benefits for such compensated absences are valued at \$11,876,287.05.

**Note 13: DEFERRED COMPENSATION SALARY ACCOUNT**

The Township offers its employees a deferred compensation plan in accordance with Internal Revenue Code Section 457, which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death, or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Township or its creditors. Since the Township does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Township’s financial statements.

**Note 15: FINANCED PURCHASE OBLIGATIONS**

The Township has entered into the following agreement which meets the requirements of a financed purchase under the provisions of GASB Statement No. 87, *Leases*.

**Vehicles** - As of June 30, 2025, the Township is financing seven (7) 2023 Ford Interceptors with a total cost of \$541,225.05 requiring biannual payments of \$90,204.18. The agreement is for a term of three years with an interest rate of 4.75%. The final maturity of the financed purchase is September 1, 2027.

The following schedule represents the remaining future minimum payments under the financed purchase obligation, and the present value of the net minimum payments as of June 30, 2025:

<b><u>Fiscal</u> <u>Year</u></b>	<b><u>Principal</u></b>	<b><u>Interest</u></b>	<b><u>Total</u></b>
2026	\$ 162,173.11	\$ 18,235.25	\$ 180,408.36

	<u><u>\$ 420,422.82</u></u>	<u><u>\$ 30,598.08</u></u>	<u><u>\$ 451,020.90</u></u>

**Note 15: FINANCED PURCHASE OBLIGATIONS (CONT'D)**

**Vehicles (Cont'd)** - Under the provisions of GASB 87, for the fiscal year ended June 30, 2025, the Township would have reported assets in the amount of \$510,627.00 and a financed purchase obligation in the amount of \$510,627.00. In addition, for the fiscal year ended June 30, 2025, the Township would have recognized a reduction of the financed purchase obligation of \$90,204.18 and no interest expense.

As a result of the regulatory basis of accounting previously described in note 1, the above noted cost of the assets, along with the financed purchase obligation liability, have not been recorded on the Statements of Assets, Liabilities, Reserves and Fund Balance - Regulatory Basis of the current fund, instead, the annual payment of the financed purchase obligation of \$90,204.18 were budgeted and paid from the current fund. In addition, the assets have been recorded in the general fixed asset group of accounts at historical cost at the inception of each finance purchase agreement.

**Note 16: SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITA'S)**

The Township has entered into the following arrangement for body camera software which meets the requirements of SBITA's under the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*:

The body camera software was purchased under a five-year agreement, initiated in fiscal year 2025, with an inception payment of \$375,067.00, followed by four annual payments of \$270,820.00. There are no options to extend the arrangement or to purchase the software. The Township has estimated an incremental borrowing rate of 4.0% to determine the present value of the intangible right-to-use asset and SBITA liability.

As a result of the regulatory basis of accounting previously described in note 1, the Township has not reported subscription assets or subscription liabilities for these arrangements, however, under the provisions of GASB Statement No. 96, the balances were as follows:

	Balance <u>June 30, 2025</u>
Subscription Assets, net	\$ 1,088,894.22
Subscription Liabilities	(983,050.77)

**Subscription Liabilities** - The Township's payments on subscription liabilities are budgeted and paid from the current fund on an annual basis.

The future subscription payments under the SBITA agreements are as follows:

<u>Fiscal</u> <u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 231,498.67	\$ 39,322.03	\$ 270,820.70

Total	<u>\$ 983,050.77</u>	<u>\$ 100,232.03</u>	<u>\$ 1,083,282.80</u>

**Note 17: DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS**

Certain expenditures are required to be deferred to budgets of succeeding fiscal years. At June 30, 2025, the following deferred charge is shown on the statement of assets, liabilities, reserves and fund balance of the following fund:

<u>Description</u>	<u>Balance</u> <u>June 30, 2025</u>	<u>Fiscal Year</u> <u>2026</u> <u>Budget</u> <u>Appropriation</u>
Animal Control Trust Fund:

Fund Expenditures	<u>\$ 81,169.09</u>	<u>\$ 81,169.09</u>

**Note 18: RISK MANAGEMENT**

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**Property and Liability Insurance** - The Township maintains coverage for protection against such losses through a combination of commercial insurance, participation in the Camden County Municipal Joint Insurance Fund and self-insurance.

**New Jersey Unemployment Compensation Insurance** - The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Contributory Method." Under this method, the Township is required to annually appropriate funds to pay the projected costs of contributions at the rate determined by the Commissioner of Labor. The Township's expense for these benefits for the fiscal years ended June 30, 2025 and June 30, 2024 was \$81,199.83 and \$73,992.54, respectively.

**Joint Insurance Pool** - The Township is a member of the Camden County Joint Municipal Insurance Fund, a public entity risk pool currently serving several municipalities, a county authority and a fire district, all within the State of New Jersey. In conjunction with the Camden County Joint Municipal Insurance Fund, excess coverages are maintained through the Municipal Excess Liability Joint Insurance Fund, also a public entity risk pool, serving multiple joint insurance funds. Coverages are provided by the Funds for theft, crime, surety, public official's liability, employment practices liability, general liability, property, flood, law enforcement, automobile insurance, worker's compensation claims, environmental claims and boiler and machinery.

Contributions to each Fund, including reserves for contingencies, are payable in two installments and are based on assumptions determined by each Funds' actuaries. The Commissioner of Insurance of the State of New Jersey may order additional assessments imposed on each member to supplement each Funds' claim, loss retention or administrative accounts to assure the payment of each Funds' obligations. The Funds publish their own financial reports for the year ended December 31, 2024, which may be obtained from:

**Note 18: RISK MANAGEMENT (CONT'D)**

**Self-Insurance Plan** - The Township maintains self-insurance fund reserves in the Trust Other Fund for worker's compensation claims and property and general liability claims. As of June 30, 2025, the reserve for Worker's Compensation was \$478,836.36 and the Reserve for Property Insurance was \$898,640.87. The estimated filed and unpaid claims as of fiscal year end were estimated at \$344,848.68 and \$68,049.59, respectively. Any funds required for claims in excess of the amounts available at June 30, 2025 will be paid and charged to fiscal year 2026 or future budgets. The fiscal year 2026 budget includes appropriations of \$600,000.00 and \$1,350,000.00 for the Worker's Compensation and Property Insurance Funds, respectively.

Under the self-insurance plans, the Township provides for worker's compensation claims up to \$50,000.00 per accident. Property claims hold a \$2,500.00 per accident deductible while General Liability claims have no deductible. Public Officials/Employment Liability claims hold a \$20,000.00 deductible along with a coinsurance of 20% for the first \$250,000.00 per claim.

Commercial insurance is maintained for employee medical claims.

Settled claims have not exceeded the amounts in the self-insurance reserves and/or the amount of commercial coverage and have not resulted in an added assessment from the joint insurance fund in the past three fiscal years.

**Note 19: HOUSING AND REHABILITATION LOANS RECEIVABLE**

The Township has an ongoing program to loan low and moderate income homeowners' funds from the Federal Community Development Block Grant Program and the Affordable Housing Trust Fund.

The amount of loans receivable for the Federal Community Development Block Grant program as of June 30, 2025 is \$1,094,334.49 and the amount of loans receivable for the Affordable Housing Trust Fund is \$117,142.02. Proceeds from the repayment of the loans are restricted to be used for Community Development Block Grant and Affordable Housing Trust Fund Housing Improvement Programs (housing rehabilitation activities).

**Note 20: OPEN SPACE, DRINKING WATER RESOURCES, HISTORICAL SITES, RECREATION AREAS AND FARMLAND PRESERVATION TRUST**

On November 7, 2000, pursuant to P.L. 1997, c. 24 (N.J.S.A. 40:12-15.1 et seq.), the voters of the Township of Cherry Hill authorized the establishment of the Township of Cherry Hill Open Space, Drinking Water Resources, Historical Sites Recreation Areas and Farmland Preservation Trust Fund effective July 1, 2001, for the purpose of raising revenue for the acquisition, conservation, and maintenance of open spaces, drinking water sources, historic sites, recreation areas, farmland preservation, and the payment of debt service incurred by the Township for these purposes. As approved by of the referendum, the Township levies a tax not to exceed one cent per one hundred dollars of assessed valuation. Amounts raised by taxation are assessed, levied and collected in the same manner and at the same time as other property taxes. Increases in the tax rate or to extend the authorization to other purposes as allowed by law must be authorized by an additional referendum. All revenue received, including any investment income, and expenditures are accounted for in a Trust Fund dedicated by rider pursuant to N.J.S.A. 40A:4-39. A budget indicating the anticipated revenues and expenditures of the Trust Fund for each fiscal year is adopted as part of the Township operating and capital budget.

**Note 21: CONTINGENCIES**

**Grantor Agencies** - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Township expects such amount, if any, to be immaterial.

**Litigation** - The Township is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the Township, from such litigation is either unknown or potential losses, if any, would not have a material adverse impact on the financial condition of the Township if adversely decided.

**Note 22: CONCENTRATIONS**

The Township depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the Township is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

**Note 23: CHANGE ORDERS**

During the fiscal year ended June 30, 2025, the Township amended a contract for the Woodcrest East Pump Station Replacement project by approving the following change order that resulted in the total amount of the change order executed for this contract to exceed the originally awarded contract price by more than twenty percent (20%):

\$ 71,200.00	Permitted 20% Overage
<u>56,776.35</u>	Exceeded 20%
<u><u>\$ 127,976.35</u></u>	Total Change Order

N.J.A.C. 5:30-11.3 (a) 9 and 10 states that the total number of change orders executed for a particular contract shall not cause the originally awarded contract price to be exceeded by more than twenty percent (20%) unless otherwise authorized, and that if proposed change orders do exceed that twenty percent limitation, no work shall be performed or purchases made until the procedures of N.J.A.C. 5:30-11.9 have been completed.

N.J.A.C. 5:30-11.9 delineates the required procedures for change orders, which exceed the twenty percent (20%) limitation. The Township has complied with all provisions of N.J.A.C. 5:30-11.9.

**PART II**  
**SINGLE AUDIT**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND  
STATE OF NEW JERSEY CIRCULAR 25-12-OMB**

**INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the Township Council  
Township of Cherry Hill  
Cherry Hill, New Jersey 08002

**Report on Compliance for Each Major Federal and State Program**

***Opinion on Each Major Federal and State Program***

We have audited the Township of Cherry Hill's, in the County of Camden, State of New Jersey, compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on each of the Township's major federal and state programs for the fiscal year ended June 30, 2025. The Township's major federal and state programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

In our opinion, the Township of Cherry Hill, in the County of Camden, State of New Jersey, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2025.

***Basis for Opinion on Each Major Federal and State Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the audit requirements of State of New Jersey Circular 25-12-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Our responsibilities under those standards, the Uniform Guidance, and State of New Jersey Circular 25-12 OMB, are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the Township and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the Township's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Township's federal and state programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Township's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America; *Government Auditing Standards*; the Division of Local Government Services, Department of Community Affairs, State of New Jersey; Uniform Guidance; and State of New Jersey Circular 25-12-OMB, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the Township's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, the Uniform Guidance, and State of New Jersey Circular 25-12-OMB, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Township's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Township's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and State of New Jersey Circular 25-12-OMB, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

**Report on Internal Control over Compliance (Cont'd)**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and State of New Jersey Circular 25-12-OMB. Accordingly, this report is not suitable for any other purpose.
